CHORN SAVANN

IT Officer | Junior Software Developer

Profile

IT Officer at Hotel Cambodiana with over one year of experience supporting computers, printers, Wi-Fi and hotel systems (PMS and POS), after completing a four-month IT internship there. Third-year Information Technology student at Build Bright University who also builds desktop, web and mobile applications in C#, Java, Laravel and Flutter.

Experience

IT Officer, Hotel Cambodiana
Present | Over 1 year

- Provide day-to-day IT support to hotel staff and guests for computers, printers, Wi-Fi and in-room technology.
- Support and maintain the Property Management System (PMS) and Point of Sale (POS) systems.
- Set up, configure and maintain computers, printers, IP phones, projectors and access points.
- Troubleshoot hardware, software, network and email problems.

IT Intern, Hotel Cambodiana (Finance Department)
5 September 2024 to 31 December 2024

- Gave first-line technical support to guests and staff for computers, printers, Wi-Fi and in-room technology.
- Set up and configured computers, printers, IP phones and projectors, and supported the PMS and POS systems.
- Helped maintain and update hotel software and hardware, and took part in small IT projects such as software upgrades.
- Received a letter of recommendation from the Head of Human Resources (4 February 2025).

Projects

- **POS Inventory Management System** Laravel, MySQL, Bootstrap. Real-time inventory tracking and barcode support.
- **Restaurant Management System** C#, .NET, SQL Server. Orders, billing and table management.
- **Backend RESTful API** Laravel, MySQL. Secure authentication and JSON endpoints for mobile apps.
- **Mobile App UI** Flutter, Dart. Cross-platform screens and widgets.
